SEC. 2. The Supreme Court shall consist of a Chief Justice and four Associate Justices; *provided*, that the Chief Justice and the Associate Justices in office at the time of

the adoption of this amendment shall continue in office and constitute the court until the expiration of their respective terms of office; and *provided further*, that at the expiration of the term of office of the two Justices having at the time of the adoption of this amendment the shortest terms to serve, their offices shall be abolished. The Chief Justice and the Justices of the Supreme Court shall be elected by the qualified electors of the State at large at the general State elections at the times and places at which State officers are elected, and the term of office shall be twelve years from and after the first Monday after the first day of January next succeeding their election.

The Supreme Court shall have appellate jurisdiction direct from the Superior Courts in every action, proceeding, or special proceeding where is necessarily drawn in question the validity of a statute, or of an authority exercised under the United States; or where is necessarily drawn in question the construction of any provision of the Constitution or of any right or authority exercised thereunder, or the validity of any statute or law of this State, which is claimed to be repugnant to this Constitution; or where is necessarily drawn in question any title, right, privilege, power, authority, or immunity claimed to exist under the Constitution of this State or the Constitution or laws of the United States; or where is necessarily drawn in question the legality of any tax, impost, or assessment; in all proceedings in exercise of the right of eminent domain; in actions or proceedings for usurpation or intrusion into, or unlawful holding of, a public franchise; also, in all criminal actions (on questions of law alone) in which the judgment shall be death or imprisonment for life; and also in all cases in which the fact of the adoption by a city, or of a city and county, of a charter for its own government, or the validity of the same, or any part thereof, or of any authority exercised thereunder, is necessarily drawn in question. It shall also have appellate jurisdiction in every action, proceeding, or special proceeding determined by any District Court of Appeal the record in which may, by order pursuant to the further provisions on these subjects hereinafter contained in this article, be directed to be transmitted to it. It shall also have jurisdiction in every action, proceeding, and special proceeding which shall actually have been submitted to it for decision before the organization of the District Courts of Appeal established by this amendment, and of every pending cause which shall not be transferable to the District Court of Appeal as hereinafter provided. And in all cases in which the Supreme Court shall acquire jurisdiction it shall have further jurisdiction to decide all questions properly presented on the record, whether or not they be such as of themselves would entitle the court to take jurisdiction of the cause.

Sec. 3. The State is hereby divided into three Appellate Districts, in each of which there shall be a District Court of Appeal consisting of three Justices. There shall in each year be four regular sessions of each District Court of Appeal, commencing on the second Monday in February, May, August, and November. The Legislature may remove one or more counties from one Appellate District to another, but no county not contiguous to another county of a district shall be added to such district.

The Justices of the District Courts of Appeal shall be elected by the qualified electors within their respective districts at the general State elections at the times and places at which State officers are elected, and the term of office shall be twelve years from and

after the first Monday after the first day of January next succeeding the election; *provided*, that on or before the first day of January after this amendment takes effect the Governor shall appoint three Justices for each District Court of Appeal, to hold office until qualification of Justices to be elected at the next succeeding general election. The Justices of each District Court of Appeal so elected at the first election shall, at their first meeting, so classify themselves by lot that one of them shall go out of office at the end of four years, one at the end of eight years, and the third at the end of twelve years. Whenever any Justice of the Supreme Court is for any reason disqualified or unable to act in a cause pending before it, the remaining Justices may select one of the Justices of a District Court of Appeal to act *pro tempore* in the place of the Justice so disqualified or unable to act. Whenever any Justice of a District Court of Appeal is for any reason disqualified or unable to act in any cause pending before it, the Chief Justice may appoint a Judge of a Superior Court, who has not acted in the cause in the court below, to act *pro tempore* in the place of the Justice so disqualified or unable to act. A Justice of one District Court of Appeal may at any time sit as a Justice *pro tempore* in any other District Court of Appeal upon the written request of any Justice of said court; every Justice *pro tempore* of the Supreme Court or of the District Court of Appeal, while acting as such, shall have the same power and authority as the Justice of such court.

The several District Courts of Appeal shall have appellate jurisdiction in every civil action, proceeding and special proceeding commenced and determined and (on questions of law alone) in every criminal action prosecuted by indictment or information in the Superior Courts within their several appellate districts, excepting only those actions, proceedings, or special proceedings in which an appeal direct to the Supreme Court from the Superior Courts is expressly allowed by this article. The statutes now in force allowing, providing for and regulating appeals to the Supreme Court shall apply to appeals to the District Courts of Appeal so far as consistent with this article until the Legislature shall make provisions for appeals to said courts.

The judgments and decrees of the District Courts of Appeal shall be final in all causes embraced within their appellate jurisdiction, except in the following cases:

In any cause decided by a District Court of Appeal, if the decision of such Court of Appeal conflicts with a previous decision of the Supreme Court, or of another District Court of Appeal, the Supreme Court shall, upon petition to be filed within thirty days after entry of judgment in the District Court of Appeal, order the cause to be heard by the Supreme Court, and thereupon the record shall be transmitted to the Supreme Court, which shall hear and determine the cause.

The Supreme Court, or any Justice thereof, shall have power to issue writs of habeas corpus, and shall have power to issue writs of mandamus, certiorari, and prohibition to the District Courts of Appeal, and shall likewise have power to issue all writs, orders, and process necessary or proper to the complete and effectual exercise of its appellate jurisdiction. The District Courts of Appeal shall have power to issue within their respective districts writs of mandamus, certiorari, prohibition, quo warranto, and habeas corpus, and shall likewise have power within such districts to issue all writs and orders necessary or proper to the complete and effectual exercise of their appellate jurisdiction. Each Justice of the District Courts of Appeal shall have power to issue writs of habeas corpus to any part of the appellate district in which he sits, and any such writ may be made returnable before the Justice who issued it, or the court from which it was issued, or any Justice thereof, or before any lower court of record, or before any Judge thereof.

Unless oral argument be waived by the parties with the consent of the court every cause and matter in the Supreme Court and in any District Court of Appeal (except such application as may be made *ex parte*) shall be orally argued by the parties or their counsel in open court; but this shall not prevent the courts from requiring that the points to be argued and considered, together with a list of authorities to sustain such points, shall be printed and filed before a cause is taken up for argument. and which have not been heard as are within the class of causes over which such District Courts have appellate jurisdiction; and upon such transfer the District Courts of Appeal shall have full jurisdiction to hear and determine the same.

SEC. 10. Justices of the Supreme Court, of the District Courts of Appeal, and Judges of the Superior Courts may be removed by concurrent resolution of both houses of the Legislature adopted by a two-thirds vote of each house. All other judicial officers except Justices of the Peace may be removed by the Senate on the recommendation of the Governor; but no removal shall be made by virtue of this section unless the reasons therefor be entered on the Journal, nor unless the party complained of has been served with a copy of the complaint against him and shall have had an opportunity of being heard in his defense. On the question of removal the ayes and noes shall be entered on the Journal.

SEC. 12. The Supreme Court, the District Courts of Appeal, the Superior Courts, and such other courts as the Legislature may prescribe, shall be courts of record.

SEC. 14. The County Clerks shall be ex officio clerks of the courts of record in and for their respective counties, or cities and counties. The Legislature may also provide for the appointment by the several Superior Courts of one or more commissioners in their respective counties, or cities and counties, with authority to perform chamber business of the Judges of the Superior Courts, to take depositions, and perform such other business connected with the administration of justice as may be prescribed by law.

SEC. 16. The Legislature shall provide for the speedy and uniform publication of such opinions of the Supreme Court and of the District Courts of Appeal as may be ordered by said courts, respectively, and all such opinions shall be free for publication by any person.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 15, 1899. }

To the Senate of the State of California:

I have the honor to inform your honorable body that I have approved Senate Bill No. 127—Entitled "An Act to abolish commissions or fees paid by the State for the assessment, equalization, auditing, and collection of ad valorem taxes."

HENRY T. GAGE,
Governor of the State of California.

Referred to Committee on Executive Communications and Nominations.

Also :

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 15, 1899. }

To the Senate of the State of California:

I herewith return to your honorable body, without my approval, Senate Bill No. 165, with my objections thereto.

This bill provides for the payment of \$1,000 to William M. Sullivan, in payment of a claim against the State, and directs the Controller to draw his warrant in favor of said claimant, and further providing that the Act shall take effect from and after January 1, 1900.

Upon an examination of the claim, I find that it is for personal injuries sustained by Mr. Sullivan from the discharge of a firearm of a soldier of the National Guard on July

4, 1894, while Mr. Sullivan was serving as Captain of Company D, Third Infantry, N. G. C., at the time of the strike. From the facts before me, it clearly appears that there is no legal claim against the State for such injuries; and to appropriate the money named in this bill would be to make a gift, which is in direct contravention of Section 31 of Article IV of the Constitution of the State. [See also *Bourn vs. Hart*, 93 Cal., p. 328.]

While I regret the misfortune of Mr. Sullivan, my duty compels me to disapprove of this bill.

HENRY T. GAGE,
Governor of the State of California.

Referred to Committee on Executive Communications and Nominations.

Assessor	9,500 00
Assessor, one deputy.....	1,200 00
District Attorney	3,200 00
Assistant District Attorney.....	1,800 00
Deputy District Attorney.....	1,200 00
County Superintendent of Schools.....	2,000 00
Assistant County Superintendent of Schools.....	900 00
Surveyor, his fees.....	
Coroner.....	600 00
Each Supervisor, as such.....	1,200 00
Each Supervisor, as Road Commissioner, with mileage 20 cents to and from the county seat.....	500 00
Public Administrator, his fees.....	
Health Officer.....	600 00

It would seem that the above salaries are most liberal; in fact, almost extravagantly so. And under this Act of 1897 the Salary Fund of Santa Clara County was as follows:

General levy, 14.5 cents.....	\$73,981 00
Fees and fines collected.....	24,836 00
Total.....	\$98,817 00

An increase over 1894 of tax levy from 9 to 14.5 cents, and an increase in amount raised of \$24,956.

It is proposed by the bills now before the Senate and Assembly to add the following, per Section 161:

Clerk of the Board of Supervisors.....	\$1,500 00
Under Sheriff.....	1,800 00
License Collector.....	1,800 00
District Attorney's clerk.....	1,200 00
Prosecuting Attorney, Justice's Court.....	1,500 00
County Surveyor, salary.....	2,400 00
County Surveyor's clerk.....	1,500 00

While in the Senate bill it is proposed to give the License Collector 10 per cent of licenses collected, which will amount to at least annually the sum of \$2,500 in addition to his salary of \$1,800 provided.

In many other respects increased expenditures are provided.

It is conceded by all officials of our county that the present force of officials is enough to fully and promptly discharge all the duties required of them by law; that such proposed increase is unwarranted, and will add many thousands of dollars to our already burdened taxpayers.

Wherefore, in the interests of good government, of economy, of justice, and of the taxpayers of Santa Clara County, we most earnestly protest against any change in the law whereby the officers or their salaries are increased, or the powers of the County Board of Supervisors enlarged.

Most respectfully,

J. R. LEWIS,
E. A. HAYES,
C. M. WOOSTER,
Committee.

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. Section two of an Act to create and establish a commission for revising, systematizing, and reforming the laws of this State, and for the appointment of the members of said commission, to be known as "The Commissioners for the Revision and Reform of the Law," and to prescribe their powers and duties; and to authorize the appointment of a secretary and stenographer thereof; and to provide for the compensation and expenses of said commission, secretary, and stenographer, and to appropriate money therefor, approved March twenty-eight, eighteen hundred and ninety-five, is hereby amended so as to read as follows:

14. Said board shall at all such times as they may designate, by rules and regulations which they may adopt, sit in open session and hear such printed or oral argument as may be addressed to them for or against any proposed or existing legislation. All such sessions of the board shall be open to the public, and a record of all proceedings shall be kept and preserved by the secretary of the board.

15. Said commissioners, or either of them, upon the request of the Legislature, or a duly appointed committee thereof, shall attend at the Capitol, during the sitting of said session of the Legislature, and act as legislative counsel or adviser, in drafting or passing upon the form of any bill or proposed bill pending or to be introduced before said Legislature; and also when requested give advice to said Legislature or such committee as to the form of any proposed legislation and its effect upon existing laws; and as to whether said bill, as drawn and presented, is so constructed and worded as to carry out the proposed intent.

16. Ninety days prior to every session of the Legislature said board shall make and file with the Secretary of State a report of their transactions relating to legislative matters, or which would give any information or knowledge to said Legislature as to legislation in the past, and as to the policy for future legislation. And they shall also report to said Legislature such suggestions as they deem proper for the promotion of the public welfare and the best interests of the State, or any locality or citizens thereof, and file therewith schedules or exhibits, showing the form or substance of all the proposed legislation which they recommend. And they shall suggest all such improvements as shall conduce to precision and clearness in the wording of the Codes and Statutes, and propose such measures as may be necessary to improve or give unity and completeness to the system of the laws of the State. Said reports, schedules, and exhibits shall be printed by the State Printer, upon the requisition and under the supervision of the commissioners. Said board shall issue, print, and distribute to all State officers and to all Superior Judges, and generally upon application to the members of the legal profession, bi-monthly, a bulletin which shall contain such information as to their current work as to give information of the progress made by the board in its work of revision.

17. And said commissioners are further authorized to incur such necessary personal expenses as may be necessary for their attendance upon the sessions of the Legislature.

18. The said commission is authorized to subscribe for such current literature, law, scientific and other periodicals and publications that, in the judgment of said commission, will aid in the carrying out of their work; and also to incur such expenses for postage, expressage, and other incidentals as may be necessary for the conduct of said office.

3. And no member of said commission shall ever advocate or attempt to advocate or assist in the promotion of any private scheme, plan, method, system, or act for the advancement of any legislation whatever.

Section 8. *Penal Acts.*—Each of said commissioners, while he is such, or while de facto acting as one of "The Commissioners for the Revision and Reform of the Law," shall be deemed to be an executive, legislative, and judicial officer of this State, in so far as to make Part I, Title V, Title VI, and Title VII, Chapter I, of the Penal Code of the State of California applicable to him; and any person offending against any of the provisions of said parts of said Penal Code is a competent witness against any person being or acting, or having been or acted as such commissioner, who has also offended therein. Any such persons and every person may be compelled to attend and testify upon any trial, hearing, proceeding, or other investigation in the same manner as any person not

having so offended, and any person so testifying shall never be prosecuted for complicity in any such offense. Testimony so given shall not be used in any action or proceeding, civil or criminal, against the person so testifying. Any person so testifying shall not thereafter be liable to indictment or information, or prosecution, or punishment for the offense with reference to which his testimony was given, and may plead or prove the giving of testimony accordingly, in bar of such indictment, information, or prosecution; *provided*, that no person above named shall be exempted from prosecution and punishment for perjury committed in so testifying.

Section 9. *Compensation.*—1. Said commissioners shall receive for their services, from the State, the sum of four thousand dollars per annum; such compensation shall be paid in the same manner as the salaries of the Justices of the Supreme Court are now paid.

2. The secretary of the commission shall receive the sum of one hundred and fifty (\$150) per month, and three stenographers seventy-five (75), in like manner as the salaries are paid to the members of said commission.

3. The expenses incurred by said commission, or the members thereof, exclusive of salaries, shall be set forth in detail in an itemized statement, and thereupon a requisition shall be made by said board of commissioners upon the State Controller, accompanied by the sworn certificate of all the commissioners that the services have been performed and the materials used or furnished, and that said sums are justly due.

During the second reading of bill, the following substitute was submitted by the committee:

COMMITTEE SUBSTITUTE FOR SENATE BILL NO. 291.

An Act to provide for the organization of mutual corporations to transact the business of life insurance on the stipulated premium plan, and the conduct of the business of such corporations.

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. Mutual corporations may be formed by the voluntary association of twenty-five (25) or more persons (a majority of whom shall be citizens and residents of this State) in the manner provided by the provisions of the Civil Code of this State, to transact the business of life insurance and every insurance pertaining thereto, upon the stipulated premium plan, and shall be subject only to the provisions of this Act. They shall file in the office of the Insurance Commissioner of this State a certificate signed by

each of them, stating their intention to form such a corporation. A copy of the articles of incorporation which they propose to adopt, which shall fully set forth the kind of insurance to be undertaken, and such other certificates as it may, in the opinion of the Insurance Commissioner, be necessary to explain and make manifest the object and purposes of the corporation. Such certificates shall be proved or acknowledged and recorded in a book to be kept for that purpose by the Insurance Commissioner, and a certified copy thereof delivered to the persons executing the same. Such corporations shall also, as a condition precedent to issuing any contracts of membership and insurance, obtain the written certificate of the Insurance Commissioner that it has complied with the requirements of this Act: and that the name of the corporation is not the same as that of any other corporation of this or other States, as indicated by the insurance department reports in his office; nor shall the Commissioner approve any name or title so closely resembling another as to mislead the public. No corporation formed hereunder shall have legal existence after one year from the date of its articles, unless its organization has been completed and business commenced; nor shall any corporation or individual solicit, or cause to be solicited, any business, except for preliminary organization, until such corporation shall have received a certificate of approval from the Insurance Commissioner, and shall have complied with the provisions of section six hundred and thirty-three of the Political Code of this State.

Sec. 2. Upon receipt of the certified copy of the certificate of approval from the Insurance Commissioner, the persons signing such certificate shall publish daily for six (6) successive weeks, in a paper published in the county in which the home office of such corporation is to be located, notice of their intention to form such corporation. No such corporation shall commence the business of insurance until at least two hundred (200) persons eligible under the proposed plan of the corporation have subscribed in writing to become members thereof, and to be insured therein, and each applicant has been examined by a reputable physician, who has certified that such applicant is in good health and a fit subject for life insurance. Such applications for membership and insurance shall, in the aggregate, amount to at least five hundred thousand dollars (\$500,000), and each member shall have paid in the amount in cash of one annual stipulated net premium for their age of entry on the amount of insurance severally subscribed for, and the same is deposited in a duly incorporated bank, as a reserve fund, to the credit of said corporation, to be held in trust for the benefit of the members and beneficiaries; no such corporation shall issue any contract of insurance until such corporation has deposited with the Insurance Commissioner of this State the sum of twenty-five thousand dollars (\$25,000). This sum shall be invested in bonds or securities, approved by the Insurance Commissioner of this State, or deposited in some bank where it will earn interest. Said bonds or securities or evidence of such deposit, shall be placed by the Insurance Commissioner of this State with the State Treasurer, and the principal sum shall be held in trust for the members and their beneficiaries of such corporation, with the right in the corporation to exchange such bonds, securities or evidence of bank deposit for others of like value, and thereafter such corporations may invest their accumulated funds in such securities as is lawful for life insurance companies to invest their assets. Every policy or certificate issued by any corporation organized under the provisions of this Act shall recite that the insured, under such policy or certificate, is a member of such corporation. The members and officers of any corporation organized under the provisions of this Act shall have all the rights and powers, and be subject to all the obligations that apply to and govern stockholders and officers, as provided for under the Constitution and general laws of this State.

Sec. 3. Any corporation or association which issues any policy, certificate or other evidence of interest to, or makes any promise or agreement with its members or policy holders whereby any money or other benefit is to be paid to a member or policy holder, or upon his decease to his legal representatives or the beneficiary designated by him, which money or benefit is derived from stipulated premiums, collected from its policy holders, or members of a class therein, or from interest or accumulations, and wherein the money or other benefits so realized is applied to or accumulated for the use and purposes of such corporation or association, as herein specified, and the expenses of its management and prosecution of its business, shall be deemed to be engaged in the business of life insurance, upon the stipulated premium plan, and shall be subject only to the provisions of this Act.

Sec. 4. Any domestic life insurance corporation, association or society existing and also actually doing business at the time this Act takes effect, may reincorporate under the provisions of the Civil Code of this State, and by filing a sworn statement, signed by its President and Secretary, with the Insurance Commissioner, that it has accumulated assets equal in amount to the reserve required by the provisions of this Act on all of its existing contracts, and in addition deposit the sum of twenty-five thousand dollars (\$25,000), as required by the provisions of section two of this Act: provided, that it shall not be obligatory upon such corporation, association or society to reincorporate, and any such existing corporation shall continue to exercise all its rights, powers, and privileges conferred by its articles of incorporation and the then existing laws. The reincorporating of any existing domestic corporation, association or society under the provisions of this Act shall in no way annul, modify or change any existing contract, contracts or liabilities of such existing corporation, association or society; and any and all such contracts and liabilities shall continue in full force and effect the same as though such corporation, association or society had not reincorporated under this Act. Neither shall the reincorporating of any

such corporation, association or society under the provisions of this Act in any way prejudice, impede or impair any pending action or proceeding, or any rights previously accrued.

SEC. 5. Every life insurance corporation or association doing business under the provisions of this Act shall charge a net premium calculated upon the actuaries' or combined experience table of mortality, with interest at the rate of four per centum per annum, equal to that of a yearly term insurance, at the age of entry. Such premium shall be increased by a loading of not less than twenty-five per centum, and may be paid either annually, semi-annually, quarterly, or bi-monthly in advance.

SEC. 6. Every such life insurance corporation or association shall accumulate, and at all times maintain, a reserve fund of not less than one net bi-monthly, quarterly, semi-annual, or annual premium, according to the terms of contract, upon all its outstanding policies and certificates, which net premium shall equal the amount called for by the actuaries' or combined experience table of mortality at the attained age of the insured, computed and specified in section five. If the amount of such reserve fund is at any time reduced to less than one such net premium upon all its outstanding policies or certificates at the attained age of the insured, such deficiency shall be made up and restored to such fund within three months thereafter. Should such impairment of the reserve fund not be made good within three months, then the Insurance Commissioner shall require the officers of such corporation, or association, to forthwith notify its policy holders or a class therein, to pay within thirty days from the mailing of such notice, an extra premium, sufficient to meet such deficiency, apportioned pro rata to the amount of their insurance and to the difference between the actual net premium paid and the net premium at attained age. If any member or policy holder shall fail to pay such extra premium within the time named, the corporation or association shall scale down the policy or certificate of each and every policy holder so failing to pay to such an amount as is necessary to meet the reserve fund to his credit, equal to said net premium on his insurance remaining in force, which amount shall be the maximum for which the corporation or association shall be liable under this policy or certificate. Said thirty-day notice shall clearly state the proportionate amount of the impairment due from the policy holder, and shall contain the further statement that in the event of failure to pay the same within thirty days after the mailing of such notice, his policy shall be scaled down as aforesaid. The provisions of this section shall not apply to policies or certificates mentioned and described in section eight.

SEC. 7. Any corporation or association doing business under this Act may issue limited payment policies or certificates; *provided*, such policies or certificates distinctly state the reserve required to be accumulated and maintained thereunder, which shall be computed on the net premium basis according to the actuaries' or combined experience table of mortality, with interest at four per centum per annum, and shall be held by and charged against such corporation in lieu of the reserve provided for in section six.

SEC. 8. Any corporation or association doing business hereunder may issue contracts guaranteeing to pay cash values; *provided*, the amount of reserve computed, and to be set apart for such cash value, is plainly stated in the contract or certificate; *and provided further*, that the net premium charged for such cash value in such contract or certificate shall not be less than an amount which increased at four per centum compound interest will at the end of the period equal the amount of said fixed cash value.

SEC. 9. If the cash and invested assets of the corporation exceed the sum of twenty-five thousand dollars (\$25,000) and also the amount of the reserve fund required by this Act, and the actual liabilities of said corporation or association to an amount in excess of ten per centum of such reserve fund, then the amount of such excess may be apportioned by the corporation as a dividend to policy holders whose policies or certificates shall have been not less than three years in force, in reduction of premiums, in the purchase of paid-up or extended insurance, or may be drawn in cash; or such dividend or dividends may be paid to the beneficiary of a deceased policy holder in addition to the face of his policy, as may be mutually agreed in the contract.

SEC. 10. Every policy or certificate hereafter issued by any corporation doing business under this Act, and promising any payment to be made upon a contingency provided for in this Act, shall specify the sum of money which it promises to pay upon such contingency insured against, and the number of days after satisfactory proof of the happening of the same on which such payment shall be made. Upon the occurrence of such contingency, unless the contract shall have been avoided by fraud or by breach of its conditions, the corporation shall be obligated to the beneficiaries or insured for such payment, at the time and to the maximum amount due under the policy or certificate. If the Insurance Commissioner shall be satisfied, upon investigation, that any such corporation has refused or failed to make such payment for thirty days, after proper demand and notice at the home office, by mail, as provided by law, of final judgment, unless waiver is made by the policy holder or beneficiary, he shall notify the corporation to issue no new policies or certificates until such indebtedness is fully paid; and no officer or agent shall make, sign or issue any policy or certificate of insurance while such notice is in force.

SEC. 11. No corporation, association, or society organized under the laws of any other State or Territory of the United States or of the District of Columbia or foreign country, shall transact business under the provisions of this Act until it has received from the Insurance Commissioner a certificate of authority to do business in this State, a duplicate of which shall be filed in this office. Such foreign corporation shall file with the Insurance Commissioner of this State a certified copy of its statement for the pre-

ceding year, and an appointment of a general agent, service upon whom shall bind the corporation. The Commissioner shall annually issue to such foreign corporation, association, or society a renewal certificate of authority to continue its business, if it shall have fully complied with the provisions of this Act. The Commissioner may refuse the certificate of authority or renewal of the same to any such foreign corporation, association, or society, when by the laws of the State or Territory under which the same is organized, a domestic corporation or association organized or doing business under this Act is not permitted to transact such business in such other State or Territory. When any State or Territory shall impose any obligation upon such corporation or association of this State, or their agents, transacting business in such other State or Territory, the like obligations are hereby imposed upon similar corporations, associations, or societies of such other State or Territory, and their agents or representatives, transacting business in this State; and such corporation, association, or society of such other State or Territory, and their agents and representatives, shall pay all licenses, fees, and penalties to, and make deposits with, the Insurance Commissioner, imposed by the laws of such other State or Territory upon any corporation or association of this State doing business therein; and in case of failure to pay the same, the Commissioner shall refuse the certificate of authority herein provided for, or cancel such certificate if one shall have been previously issued. No foreign life insurance corporation, association, or society shall be authorized to transact any business authorized by this Act within this State, unless it furnishes evidence satisfactory to the Insurance Commissioner that it has assets amounting to not less than twenty-five thousand dollars, in addition to a reserve fund equal in amount to that required by this Act, and that the same is held for the benefit of policy or certificate holders, or beneficiaries, and invested as required by the insurance laws of this State. Neither shall any foreign life insurance corporation, association, or society be authorized to do business in this State, unless it collects for the benefit of its policy holders a net premium equal at least to that provided for by the terms of this Act.

Sec. 12. Whenever any policy or certificate of life insurance hereafter issued by any corporation or association doing business under this Act, after being in force five full years, shall by its terms lapse or become forfeited by the non-payment of any premium, or any note given for a premium, or loan made in cash on such policy as security, or of any interest on such note or loan, the reserve on such policy, computed according to the American experience table of mortality, with interest at the rate of four and one half per centum per annum, shall on demand made, with surrender of the policy within six months after such lapse or forfeiture, be taken as a single premium of life insurance at the published rates of the corporation, at the time the policy was issued, and shall be applied, as shall have been agreed in the application or policy, either to continue the insurance of the policy in force, at the full amount, so long as such single premium will purchase temporary insurance for that amount, at the age of the insured at the time of lapse or forfeiture, or to purchase on the same life at the same age, said paid-up insurance, payable at the same time and under the same conditions, except as to payment of premiums, as the original policy. If no such agreement be expressed in the application or policy, such single premium may be applied in either of the modes above specified, at the option of the owner of the policy, notice of such option to be contained in the demand hereinbefore required to be made, to prevent the forfeiture of the policy. The reserve hereinbefore specified shall include dividend additions actually made, calculated at the date of the failure to make any of the payments above described, according to the American experience table of mortality, with interest at four and one half per centum per annum, after deducting any indebtedness of the insured on account of any annual, semi-annual, quarterly or bi-monthly premium then due, and any loan made in cash on such policy, evidence of which is acknowledged by the insured in writing. The net value of the insurance given for such single premium under this section, computed by the standard of this State, shall in no case be less than one half the entire reserve, computed according to the rule prescribed in this section, after deducting the indebtedness as specified, but such insurance shall not participate in the profits of the corporation. This section shall not apply to any case where the provisions of the section are specially waived in the application.

Sec. 13. No life insurance corporation or association doing business under this Act in this State shall declare forfeited or lapsed any policy hereafter issued or renewed unless the same is a term insurance contract for one year or less; nor shall any such policy be forfeited or lapsed by reason of non payment when due of any premium, interest, or installment, or any portion thereof, required by the terms of the policy to be paid, unless a written or printed notice, stating the amount of such premium, interest, or installment, or portion thereof due, or to become due on such policy or certificate, the place where it should be paid, and the person to whom the same is payable, shall have been duly addressed and mailed to the person whose life is insured, at his or her last known post office address, postage paid, by the corporation or by an officer thereof, or person appointed by it to collect such premium, at least fifteen and not more than sixty days prior to the day when the same is payable. The notice shall also state that unless such premium, interest, installment, or portion thereof, then due, shall be paid to the corporation or association, or to a duly appointed agent, or person authorized to collect such premium, on or before the day it falls due, the policy and all payments thereon will become forfeited and void, except as to the right to a surrender value or paid-up policy, as in this Act provided. No such policy shall in any case be forfeited, or declared forfeited or lapsed until the expiration of thirty days after the mailing of such notice.

The affidavit of any officer, clerk, employé, or agent of the corporation, or any one authorized to mail such notice, that the notice required by this section have been duly addressed and mailed by the corporation, association, or its representatives, shall be conclusive evidence that such notice has been duly given.

SEC. 14. When any such corporation shall desire to relinquish its business, the Commissioner shall, on application of such corporation, under the oath of its president or principal officer, and secretary, or actuary, give notice of such intention, at least twice a month for six months, in a paper published at the City and County of San Francisco. After such publication he shall deliver up to said corporation, or its assigns, the securities held by him belonging to it, upon being satisfied by an exhibition of the books and papers belonging to such corporation, or an examination made by himself, or by some competent person to be appointed examiner by him, and upon the oath of the president or principal officer, and the secretary or actuary of said corporation, that all its debts and liabilities of every kind that are due, or may become due, upon any contract or agreement made by said corporation are reinsured in a reputable corporation, or are paid and extinguished. The Commissioner may also, from time to time, deliver up to such corporation, or its assignees, any portion of such securities, on being satisfied in the manner and form hereinbefore required, or upon any other competent proof, that all the debts and liabilities of every kind that are due, or may become due, are reinsured, or are less than the amount or proportion of such securities which he shall retain to equal the reserve required by the provisions of this Act.

SEC. 15. Any member or contract holder of any corporation transacting business hereunder shall have the right at any time, with the consent of such corporation, or association, to make a change in his payee or his payees, or beneficiary or beneficiaries, without requiring the consent of such payee or payees, or beneficiary or beneficiaries.

SEC. 16. The money to be paid by any such corporation or association to a policy holder or beneficiary, shall be exempt from execution, and shall not be liable to be seized, taken, or appropriated, by any legal or equitable process, to pay any debt or liability of the insured or any beneficiary or beneficiaries designated by said policy holder.

SEC. 17. Every domestic and foreign corporation doing business under this Act shall annually, on or before the first day of February, file with the Insurance Commissioner, in such form as he shall prescribe, a preliminary statement of its business transacted in this State for the year ending on the preceding thirty-first day of December. They shall also make and file with said Commissioner on or before the tenth day of March a complete statement of the condition and affairs of such corporation for the year ending the preceding thirty-first day of December. The Insurance Commissioner in person, or by duly authorized deputy, shall have the power of examination into the affairs of any domestic corporation doing business, or claiming to do business, under this Act, at any time, in his discretion, and shall make such examination at least once a year.

SEC. 18. The fees for filing statements, certificates, or other documents required by this Act, or for any service or act of the Insurance Commissioner, and the penalties for any violation of this Act shall be the same as provided in the laws of this State relating to life insurance companies, and shall be disposed of as provided by such laws.

SEC. 19. And for all lawful expenses under this Act, or by reason of any of its provisions, in the prosecution of any suit or proceedings or otherwise for the enforcement of the provisions of this Act, the Insurance Commissioner must present bills duly certified by him, and accompanied with vouchers, to the State Board of Examiners, who must allow the same and direct payment thereof to be made; and the State Controller shall draw warrants therefor on the State Treasurer for the payment of the same to the Insurance Commissioner, in addition to the ordinary contingent expense, which warrant shall be payable out of the General Fund.

SEC. 20. The provisions of this Act shall not apply to secret or fraternal societies, lodges, or councils which conduct their business and secure membership on the lodge system exclusively, having ritualistic work and ceremonies in their societies, lodges, or councils, nor to any organization conducted solely for benevolent and charitable purposes, whose members are employed by one corporation or institution, or by more than one similar corporation or institution, or when membership is confined to one trade, art, or profession; nor shall they apply to, or in any way affect, corporations organized or doing business under the provisions of the Act entitled "An Act relating to life, health, accident, and annuity or endowment insurance on the assessment plan and the conduct of the business of such insurance," approved March nineteenth, eighteen hundred and ninety-one.

SEC. 21. This Act shall not be construed to in any way affect or repeal that certain Act entitled "An Act relating to life, health, accident, and annuity or endowment insurance on the assessment plan and the conduct of the business of such insurance," approved March nineteenth, eighteen hundred and ninety-one.

SEC. 22. This Act shall take effect immediately.

SUBSTITUTE FOR SENATE BILL NO. 183.

An Act requiring the making and recording of maps of cities, towns, and additions to cities or towns, and subdivisions of lands into small lots or tracts for the purposes of sale, providing a penalty for the selling or offering for sale any lots or tracts in cities, towns, additions to cities, towns, subdivisions, and additions thereto, before such maps are filed and recorded, and providing for the recording of maps now on file in Recorders' offices.

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. Whenever any city, town, or subdivision of land, or any addition to any city, town, or such subdivision, shall be laid out into lots for the purposes of sale, the proprietor or proprietors thereof shall cause to be made an accurate plat or map thereof, setting forth, describing, and delineating:

First—All the parcels of ground within such city, town, addition, or subdivision, reserved for public purposes, by their boundaries, courses, and extent, whether they be intended for avenues, streets, lanes, alleys, courts, commons, parks, squares, or grounds reserved for other public uses; and

Second—All lots and blocks, with their boundaries and their precise length and width, designating such lots and blocks either by numbers or letters; also, showing the angle of intersection of all boundary lines of such lots and blocks, whenever such angle of intersection is not a right angle; also, the location of all stone or iron monuments set to establish street lines; also, showing the exterior boundaries of the piece of land so platted, giving such boundaries by true courses and distances; also, the exact location of all section corners or legal subdivision corners of sections within the limits of said plat, and the adjoining block corners of all surveyed and adjoining additions. In case the land is not within a city, and no such section or subdivision corners are within the limits of the plat, it shall show a connection line to some corner or initial point of the government surveys, if there be any such within one mile of such subdivision or addition. All distances marked on said plat shall be in feet and decimals of a foot. When a survey of such city, town, subdivision, or addition shall be made, the Surveyor shall mark all the corners of the lots and blocks so laid out and shown on the plat by substantial stakes or monuments. He

shall set stone or iron monuments at the point of intersection of the center lines of all streets, when practicable; if not practicable to set such monuments at the point of intersection of said streets, they shall be set as near such points as possible, and their location shall be shown by marking on said plat the distances to the block corners adjacent thereto. The top of such monuments to be placed one foot below the surface of the ground, and the monuments shall be at least six inches by six inches by one foot in depth. If a stone is used, it shall have a hole drilled into it, the hole to be filled with lead, and a copper nail driven at the point of intersection to mark such point. Iron monuments shall be at least two inches in diameter (which may be either iron or gas pipe) by two and one half feet in length, the dimensions of such monuments to be marked on the plat. Such monuments shall establish permanently the lines of all streets. The surveyor shall also make and subscribe on said plat a certificate that he has made such survey and plat according to the provisions of this Act, stating the date of such survey; and he shall make oath thereto before some officer authorized to administer oaths.

SEC. 2. The proprietor or proprietors of lands so platted, or their attorneys duly authorized, shall, in case any land is dedicated to public use, make on such plat a certificate to be known as the certificate of dedication, which shall be substantially in the form following, viz: We, ———, do hereby certify that we have caused to be surveyed, subdivided, and platted into lots, blocks, streets, and alleys, as shown by the plat and certificate hereunto annexed, the following described tract of land, to wit (here describe land included in plat) to be known and designated (here give full name of city, town, village, subdivision, or addition); and the lands included in all streets, avenues and alleys, and parks or public squares shown on said plat, are hereby granted and donated to the use of the public forever. Dated this ——— day of ———, A. D. ———. This certificate of dedication shall be signed by all the proprietors of the land included in the plat, and shall be acknowledged by them in the same manner as required by law to entitle deeds to be recorded; *provided*, that all persons holding mortgages thereon shall, in addition to signing certificate of dedication, execute a release of such mortgage, or mortgages, on such portion of the land as may be specified in said certificate of dedication, and such release shall be filed for record in the office of the County Recorder within thirty days from date of the same.

SEC. 3. All such plats of lands in or adjoining any incorporated city or town, when intended as additions thereto, or subdivisions thereof, shall be filed, submitted to the City Engineer or City Surveyor of such town or city, if there be one, for approval. A certificate of approval, signed by the City Engineer or City Surveyor of said city or town, if there be one, that the plat conforms to adjoining additions or parts of the city or town already platted as near as the configuration of the ground will admit, shall be written on such plat before the same shall be filed in the Recorder's office of such county. The original plat or plats of additions to, or subdivisions of unincorporated cities or towns, shall be submitted to the Supervisors of the county in which such unincorporated town or additions or subdivisions are situated, or such other officer or officers in whom such power or powers is vested, who shall examine and approve them, and in case of additions shall see that they conform to the parts of the city or town already platted.

SEC. 4. All plats of cities, towns, or villages, or additions thereto, or subdivisions thereof, shall be made on mounted egg-shell drawing paper, of the size of twenty-one by thirty (21x30) inches, and recorded in the office of the Recorder of the county in which the lands are situated. Before recording such plat or plats the Board of County Supervisors, or such other officer or officers in whom such power or powers is vested, shall examine the same and see that all the requirements of this Act in regard thereto have been complied with. The Recorder shall provide, at the expense of the county, well-bound books of mounted egg-shell drawing paper, of the size of twenty-one by thirty (21x30) inches, to be designated "Plat Book No. ———," in which he shall cause to be made a true copy of every plat filed with him for record under this Act and of all certificates thereon (except that the scale and size of the plat may be changed, to fit the book) and shall certify to the correctness of such copy, which book shall be a public record, and he shall safely keep the original plat for inspection only to test the accuracy and genuineness of such copy. Such plat so copied in the said plat book shall be indexed in the front part of each book or in an index book kept for such purpose. For filing and recording such plat the Recorder shall receive as fees the sum of twenty-five cents for each lot or subdivision shown thereon, to the number of one hundred lots or subdivisions, and fifteen cents for each lot or subdivision shown thereon in excess of one hundred lots or subdivisions, this fee to be paid by the owner of the property, or the person presenting such map or plat for record; *provided*, that for recording any such plat showing less than forty lots or subdivisions, he shall receive at least the sum of five dollars, and that the fee for recording any plat shall not exceed one hundred and fifty dollars.

SEC. 5. Every person who violates any of the provisions of this Act shall be deemed guilty of a misdemeanor.

SEC. 6. All fees received by any Recorder under the preceding sections of this Act shall be retained by such Recorder as a special fund for the employment and payment of such competent draughtsmen and clerks who are residents of the State of California as may be required to perform the additional and skilled work herein required; *provided*, that if at the end of each year there shall be and remain any surplus in such fund, then, in that case, such Recorder shall pay such surplus into the County Treasury; *and provided further*, that no additional compensation shall be allowed to, or shall be allowed in any case to accrue to, any Recorder for any work done under the preceding sections of this Act.

SEC. 7. The Recorder in each county in this State, immediately after the passage of this Act, is hereby authorized and required to provide plat books as described in this Act, and to copy or cause to be copied in such books, all plats of cities, towns, subdivisions thereof, and additions thereto, and all subdivision plats of lands in his county, which have been certified as correct by the County Surveyor, or City Engineer, or City Surveyor, with the certificates thereon or attached to such plats on file in his office at the date of the passage of this Act. The Recorder of each county, respectively, may employ such competent draughtsmen and clerical assistants, who are residents of the State of California, as may be required to enable him to complete such work within two years from the passage of this Act. Each Recorder shall be paid for such work by each county, respectively, at the rate hereinbefore fixed for recording original plats, maps, etc. The work provided for in this section shall be paid for by each county, respectively, from month to month as the work progresses; *provided*, that in all cases where maps on file in Recorder's office at the time of the passage of this Act have been heretofore copied or platted into books for record, and the original maps kept on file separate from such books, such maps shall not be platted or copied again because of anything contained in this Act.

To the Senate of the State of California:

I have the honor to inform your honorable body that I have approved Senate Bill No. 9—An Act to amend an Act in relation to foreign corporations, approved April 1, 1872.

I herewith return to your honorable body, without my approval, Senate Bill No. 56—An Act to amend Section 737 of the Political Code, relating to salaries of Justices of the Supreme Court and Superior Judges, and officers connected with the Supreme Court—with my objections thereto.

I disapprove of this bill because it purports in its title to amend Section 737 of the Political Code, relating to salaries of Justices of the Supreme Court and officers con-

nected with the Supreme Court, whereas, in fact, there is nothing stated, either in the original section of the Code sought to be amended or in the present bill, relating to the salaries of Justices of the Supreme Court or officers connected with the Supreme Court.

MESSAGE FROM THE GOVERNOR.

On motion of Senator Leavitt, the following message from the Governor was taken up and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 18, 1899. }

To the Senate of the State of California:

A solemn duty required of you as Senators still remains unperformed. You have been elected as agents of the people, not only to pass necessary and judicious laws, but as well to choose a United States Senator to serve the State in Congress. As such representatives you were elected, not to voice the desires of particular localities, but to carry

out the will of the great majority of our people for their greatest possible good. Your personal feelings, your especial likes and dislikes, should therefore be subordinated to the sense of public duty. The people demand a United States Senator.

During the last political campaign no subject was of higher importance than the question of sustaining or opposing the plan of territorial expansion and the general national policy of our great President. That will of the majority of the people of this State of all political predilections, as expressed at the polls, was in favor of the National Administration; and you were, in effect, instructed by that splendid majority to elect a Senator in accord with the views of the President.

The demand of the people being thus strongly manifested, no diversity of opinion, no private discords, should be permitted to prove an obstacle to the fulfillment of the popular desire.

In view of the great territorial expansion westward in the Pacific Ocean, the commercial interests of this State are too vast and its political position too important to be now impaired by your failure to choose a national representative.

The power to select a Senator is vested in you by the Constitution, by the law, and by the people; and the people require at your hands the exercise of that high prerogative.

And now, at the close of your session, in the discharge of my solemn duty as your Executive, I beseech you to disregard and discard your individual prejudices—your personal disagreements—and to obey the people's behest. I implore you, not as partisans, but as distinguished representatives standing upon the high plane of American citizenship, and as the agents of the great majority of the people who elected you, and also as the guardians of the minority of our people whom you likewise represent, to execute *at this time* the popular demand.

I implore you to falter no longer in the discharge of your high duty; to select for the State a proper representative for the United States Senate; to rise above the antagonisms which have been engendered during your long session; and to choose for the people a man fully equipped, mentally and morally, for the great office of United States Senator—a man of distinguished abilities and virtue, a man in whom the people will perceive just grounds for confidence—a man who will best subserve our commercial and political interests, and represent the dignity of our people.

HENRY T. GAGE,

Governor of the State of California.

Lieutenant-Governor Jacob H. Neff, President of the Senate, in the chair.

RESOLUTION.

Senator Smith offered the following resolution, and moved its adoption:

Resolved, That the President of this Senate appoint a committee of three Senators to fully investigate the subject of State, county, and municipal taxation and revenue, and report its findings to the session of the Legislature convening in January, 1901; that the expenses of said committee for stationery, postage, and incidentals be paid out of the fund for the contingent expenses of the Senate, in no case to exceed the sum of \$100.

Resolution read and adopted.

APPOINTMENT OF SPECIAL COMMITTEE.

The President, in compliance with resolution just adopted, appointed Senators Smith, Taylor, and Sims the committee to investigate the subject of State, county, and municipal taxation and revenue, and to report its findings to Legislature convening in 1901.

REPORT OF ASSEMBLY COMMITTEE.

An Assembly committee, Mr. Melick chairman, appeared at the bar of the Senate and announced that the Assembly had no further communications to transmit to the Senate, and was now prepared for final adjournment.

REPORT OF SENATE COMMITTEE.

Senator Dickinson, as chairman of the committee appointed to wait upon the Governor to inform him of the Senate's readiness to adjourn,

APPROVAL OF MINUTES.

The minutes of Saturday, March 18, 1899, and Sunday, March 19, 1899, were read and approved.

ADDRESS BY PRESIDENT OF SENATE.

Lieutenant-Governor Neff, President of the Senate, addressed the Senators. He said he had come among the members with little experience in legislative matters, and that he appreciated the indulgence shown him by the Senate. He had received every assistance from the President pro tem. (Flint), and from the able Secretary (Brandon), for which he desired to return thanks. He could bear testimony to the industry and indefatigable energy of the Senators, and knew that when they adjourned early they continued their work in committee. He extended to the Senate his sincere thanks for its uniform courtesy to him, and in concluding said: "I wish each and every one of you health, happiness, and prosperity."

FINAL ADJOURNMENT.
